FROM THE PRINCIPAL'S DESK

Dear Parents,

Greetings to you!

We are in the last leg of the academic year. As we close in on the Annual Examinations, teachers are making sure that the curriculum is covered

well in advance to give students adequate time for revision.

In February we also had the culmination of the 15 Books Campaign. The students of Grade 1 to 8 presented a skit on the book that had impressed them the most. We had the children dressed up in elaborate costumes, essaying their role with panache. They also sang and danced as per the requirement of the script. In most classes the script was written by the students themselves. The teachers walked that extra mile to ensure that all the performances were stunning. The parents were there all along supporting their children with costumes, training and encouragement.

Its two months now since our students of Grade 5 to 9 have started using the facilities of the Sports Complex, Marena. The students are thrilled about playing in the expansive greenfields and the world class indoor facilities at Marena. We are grateful to the Pro Chancellor, MAHE for extending this facility to Manipal School.
